Manjunath Kesarur

Java Full Stack Developer

+91-8618241316 manjunath.dev05@gmail.com linkedin.com/in/manjunath-kesarur

Summary

Motivated Computer Science Engineering graduate seeking a Java Full Stack Developer position. Skilled in Java, Spring Boot, Spring Security, Hibernate, RESTful APIs, SQL, HTML, CSS, and JavaScript, with hands-on experience building secure backend applications.

Skills

Languages: Java, JavaScript, SQL, HTML5, CSS3
Frameworks & Libraries: Spring Boot, Spring Security, Spring MVC, Spring Data JPA, Hibernate, Thymeleaf
Databases & Cloud: MySQL, JDBC, AWS (EC2, S3, IAM)
Tools & Architecture: Git, GitHub, Postman, Eclipse, VS Code, RESTful APIs, CI/CD, Agile Methodology

Experience

Java Full Stack Intern **Feb 2026 – May 2026**
JSpiders (A Unit of Test Yantra Software Solutions India Pvt. Ltd.) *Bengaluru, India*

- Developed and tested 10+ RESTful API endpoints and CRUD backend modules using Java, Spring Boot, Hibernate, and MySQL.
- Performed manual and API testing across 15+ endpoints using Postman to validate request handling, responses, and error scenarios.
- Worked with Git and GitHub for version control and followed Agile development practices while building Java-based application modules.

Projects

HireHub – Job Recruitment Platform (API) | *Spring Boot, Spring Security, MySQL* **July 2026 – Aug 2026**

- Developed a role-based job recruitment REST API enabling recruiters to manage job postings and job seekers to search and apply for available jobs.
- Implemented Spring Security authentication and role-based authorization for ADMIN, RECRUITER, and JOB_SEEKER roles to secure application endpoints.
- Built RESTful APIs for job and application management with pagination, sorting, custom database queries, ownership-based authorization, and centralized exception handling.
- **GitHub Repository:** github.com/ManjunathKesarur/HireHub

Employee Management System | *Java, Spring Boot, Spring Security, MySQL, Hibernate* **May 2026 – June 2026**

- Developed an Employee Management System with RESTful APIs for employee CRUD operations, secured using Spring Security authentication and role-based access control (RBAC).
- Implemented server-side validation, pagination, and automated email functionality using Spring Validation and JavaMailSender.
- Integrated MySQL using Spring Data JPA and implemented centralized Global Exception Handling for consistent error responses.
- **GitHub Repository:** github.com/ManjunathKesarur/ems

Certifications

- **Java Full Stack Development Certification – JSpiders (2026):** Completed 300+ hours of rigorous technical training in Core/Advanced Java, Spring Boot, Hibernate, MySQL, and RESTful API architecture with hands-on project implementation.
- **AWS Academy Cloud Foundations – AWS Academy (2025):** Hands-on expertise in AWS Cloud architecture, EC2 instances, S3 storage, IAM policy creation, and networking security.

Education

Bachelor of Engineering in Computer Science & Engineering **2022 – 2026**
East-West Institute of Technology *Bengaluru, India | CGPA: 7.85 / 10*
